About the Conference

Symposium Overview

The Southeastern Fracture Symposium is an annual meeting jointly sponsored by the Foundation for Orthopaedic Research and Education (FORE) & the Southeastern Fracture Consortium (SEFC). The research consortium group is well recognized for its research endeavors through national conference presentations and publications.

FORE is accredited by the ACCME to provide continuing medical education for physicians. FORE designates this live activity for AMA PRA Category 1 Credit(s)™. The Orthopedic Trauma Association has endorsed the educational content for the course. Average conference attendance is over 150 people per year.

SEFC is a regional foundation with multi-disciplinary members from leading hospitals and universities in the southeastern region of the United States. The foundation strives to support multi-center research programs, facilitate education opportunities specific to Orthopedic Trauma, and connect the Orthopedic Trauma community of practice. Future vision is that institutions represented by foundation members will become leaders in clinically relevant orthopedic trauma research.

This conference is designed to provide a comprehensive update on best practices and techniques for orthopedic fracture care, treatment, and management. Leaders in orthopedic trauma will share their expertise and challenging cases as individual speakers and in panel debate. Small group settings will allow for direct interaction with the speakers, and ample time will be provided for questions and answers at each session. Exhibitors will have the opportunity to meet and socialize with attendees throughout the conference.

Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Foundation for Orthopaedic Research and Education (FORE) and the Southeastern Fracture Consortium (SEFC). The Foundation for Orthopaedic Research & Education is accredited by the ACCME to provide continuing medical education for physicians.

The Foundation for Orthopaedic Research & Education designates this live activity for a maximum of 12.75 AMA PRA Category 1 Credit(s)TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Course Objectives

At the conclusion of this course, the participant should be able to:

- Discuss strategies for successful fracture treatment by integrating ideas from current medical evidence and from demonstration and discussion with faculty experts. Be able to explain lessons learned to peers at home institutions.
- Compare one's own decision-making and surgical techniques to current standards.
- Identify areas for change of practice after analysis of current practice as compared to course content.
- Identify resources needed to provide up to date care, including complex surgical procedures, to provide high quality, safe and effective care.
- Identify treatment strategies to include implants appropriate for trauma care management. Recognize instruments and implants needed to support best practice orthopaedic management.
- Participants will bridge potential knowledge gaps about orthopaedic trauma research efforts and be able to organize and design quality research projects to address clinical concerns to improve outcomes.

Date & Location

The 2022 Symposium will be held from February 10-12, 2022 at The Westin Poinsett, Greenville. The address is 120 S. Main Street, Greenville, SC 29601.
